

精明選購及正確使用男性安全套

Smart Choice and Proper Use of Male Condoms

在「醫療儀器行政管理制度」下，通常屬於第III級中高風險的一般醫療儀器

is usually classified as a Class III medium to high risk general medical device under the Medical Device Administrative Control System (MDACS)

供物理屏障保護

providing a physical barrier for protection

安全套
Condom

用於避孕

for contraception

降低性傳播感染

reduces the risk of sexually transmitted infections

精明選購安全套

Smart Choice of Condoms

選購已於「醫療儀器行政管理制度」表列，並附有表列號碼的安全套，以確保安全套能符合表列制度下**安全、品質及性能**的要求

Purchase condoms **listed under MDACS** which contains an HKMD number, to ensure the condom meets the listing requirements on safety, quality and performance

* 你可以在醫療儀器科網站上的醫療儀器列表搜尋已表列儀器的資料

You may search the listed devices information from the listing database on the website of Medical Device Division (MDD)

* 更多資訊關於已表列的安全套，請參閱醫療儀器科相關專題網頁

For more information about listed condoms under MDACS, you may refer to the related thematic webpage of MDD

表列號碼

Listing Number

HKMD No. XXXXXX

MDACS

正確使用安全套

Proper Use of Condoms

如對正確使用安全套有疑問，請諮詢醫護專業人員

If in doubt on proper use of condoms, **please consult healthcare professionals**

細閱及遵從使用說明，包括用後處理方法。用完的安全套應用紙巾包裹好，棄置於垃圾箱內

Carefully read and follow the **Instructions for Use** including proper way to dispose the used condom. A used condom should be wrapped in tissue paper before being disposed of in the trash

如有需要，可用水溶性潤滑劑。油性潤滑劑可能會導致安全套破裂

Use **water-based lubricants** if needed. Oil-based lubricants may cause breakage of the condom

使用前檢查有效期限和包裝的完整性

Check the **expiry date** and the **integrity of the package** before use

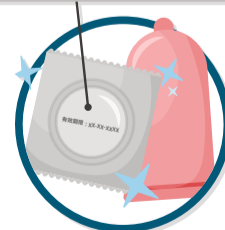

每次性行為時使用一個新的安全套

Use a **new condom** for each sexual activity

有效期限 EXP: XX-XX-XXXX
